

A dream PC for any gamer or enthusiast. Featuring the brilliantly fast Intel Core i7-950 and a next gen graphics card, the Edge Lx555 tears through gaming, HD content, media creation, and everything in between. Built and supported by our team of expert engineers.

Edge™ Lx555

The Velocity Difference

Since 1992, Velocity Micro has been in the business of building superior quality computers for users across the PC spectrum. From meticulously engineered desktops like the Edge™ Lx555 to expertly crafted mobile solutions, Velocity Micro's award winning precision and extraordinary value have helped make the boutique PC experience available to the mainstream user. Experience the Velocity Micro Difference for yourself with the Velocity Micro Edge™ Lx555.

Intel® Core™ i7 Processors

With faster, intelligent multi-core technology that applies processing power where it's needed most, the Intel® Core™ i7 processor delivers an incredible breakthrough in PC performance. You'll multitask highly-threaded games and applications faster and unleash incredible digital media creation. And you'll experience maximum performance for everything you do, thanks to the combination of Intel® Turbo Boost Technology and Intel® Hyper-Threading Technology, which maximizes performance to match your workload.

What's There

Flagship LX-W pure aluminum chassis

Meticulous assembly and expert engineering

X58 Intel Chipset Motherboard

Intel® Core™ i7 processor 950

9GB DDR3-1333 Triple Channel Memory

1792MB NVIDIA GTX275

1TB Hard Drive

Blu-ray Reader

20x DVD+/-RW Dual Layer Burner with LightScribe Labeling Technology

Microsoft® Windows® 7 Home Premium 64-bit

1 Year VelocityCare In-House Tech Support

Why You'll Love It

Solid aluminum chassis provides a sleek and sturdy boutique look and superior cooling

Every Velocity Micro PC is hand built by our team of experts

Designed to unleash the power of the all new Intel® Core™ i7 processors with support for up to eight threads of raw CPU processing power and triple channel DDR3 memory.

Multitask like never before and game at extreme levels with this bleeding edge processor. Brilliantly fast.

High speed memory improves performance for smoother multitasking.

Bleeding edge graphics solution to run at the highest quality levels and blistering frame rates for immersive gameplay.

Massive hard drive allows for tons of storage space.

Optical drive plays Blu-ray disks in stunning 1080p. Add a media extender to stream content through your home.

Ideal for creating backup disks, working with digital media, and watching or burning DVDs. LightScribe™ capability allows for easy disc labeling.

Microsoft's newly launched Operating System delivers better visual quality, simplified navigation, security enhancements, and tons of added functionality. A truly intuitive and remarkable experience for every type of user.

Award winning technical support from an industry leader—no scripts, no tiers, all US-based.
