

FINANCING & LEASING

PAYMENT OPTIONS MADE SIMPLE

- ✓ **Alleviate Cash Flow Constraints**
Acquire the workstations, servers, and GPU systems you need without depleting your budget.
- ✓ **Fast Approvals**
Secure funding of up to \$500,000 without financial statements, typically within 24 to 48 hours.
- ✓ **Flexible Terms**
Terms from 1 to 5 years, paid monthly, quarterly, or annually. Step payments and 90 day deferrals available.
- ✓ **One Payment, Every Cost**
Hardware, software, shipping, installation, and support roll into a single predictable payment.
- ✓ **Simplified Process**
From start to finish, you have a dedicated project manager as your single point of contact.

Blue Street Capital is a trusted leader in technology financing, streamlining the approval process to eliminate complexity.

Blue Street Capital's three-pronged approach makes financing simple:

WE LISTEN

We want to be your partner. Your success is our success. Our commitment extends beyond transactions; it's about **fostering a strong relationship.**

WE STRUCTURE

We provide clarity in complex transactions. Often within just 24 to 48 hours, we can open the doors to the capital you need. **Speed is our specialty.**

WE DELIVER

We provide **single-payment solutions** for projects that involve multiple vendors, so you can focus on results, not logistics.

LEASE OR OWN. YOUR CALL.

Both options put the same machines on desks at the same time. The only difference is what happens when the term ends.

Leasing

FAIR MARKET VALUE (FMV) LEASE

The lowest monthly payment available. At the end of the term you choose: **buy** the equipment, **extend** the lease, or **return** it and roll into a newer build.

Best when you refresh on a cycle and do not want to be running aging hardware just because it is still on the balance sheet.

Finance to Own

EQUIPMENT FINANCE AGREEMENT (EFA)

A straight path to ownership. You hold title from day one and own the equipment outright once the final payment clears. No residual, no end of term decision.

Best when you plan to run the machines well past the term or want to claim depreciation and the Section 179 deduction.

Ready to get started? Send over your Velocity Micro quote and I will come back with lease and finance to own payments side by side, structured around the monthly number you have in mind. Apply online at bluestreetcapital.com/velocity-micro-financing or estimate a payment yourself at calc.bluestreetcapital.com/velocitymicro.
